

HER PHYSICIAN APPROVES

Taking Lydia E. Pinkham's Vegetable Compound

Sabbatus, Maine.—"You told me to take Lydia E. Pinkham's Vegetable Compound and Liver Pills before child-birth, and we are all surprised to see how much good it did. My physician said 'Without doubt it was the Compound that helped you.' I thank you for your kindness in advising me and give you full permission to use my name in your testimonials."—Mrs. H. W. MITCHELL, Box 3, Sabbatus, Me.

Graniteville, Vt.—"I was passing through the Change of Life and suffered from nervousness and other annoying symptoms. Lydia E. Pinkham's Vegetable Compound restored my health and strength, and proved worth mountains of gold to me. For the sake of other suffering women I am willing you should publish my letter."—Mrs. CHARLES BARCLAY, R.F.D., Graniteville, Vt.

Women who are passing through this critical period or who are suffering from any of those distressing ills peculiar to their sex should not lose sight of the fact that for thirty years Lydia E. Pinkham's Vegetable Compound, which is made from roots and herbs, has been the standard remedy for female ills. In almost every community you will find women who have been restored to health by Lydia E. Pinkham's Vegetable Compound.

400 ROOSEVELT DAY DETECTIVES

Elaborate Arrangements by Police Commissioner to Protect Crowds from Criminals.

New York, June 16.—W. F. Baker, police commissioner, issued three special orders today incidental to the home-coming of ex-President Roosevelt on Saturday morning. The first of these, to the detective bureau, calls for the assignment of 400 detectives to protect the crowds from pickpockets and other criminals, who, according to their custom, are expected to flock to the city to avail themselves of any opportunities that the parade and other features of the celebration may offer. These detectives will begin tonight and round up all suspicious persons, and the magistrates will be asked to hold all such prisoners for forty-eight hours.

FINED \$1,000 FOR EACH ALIEN.

Verdict of \$45,000 Against Men Attempting to Import Foreign Labor.

Washington, June 15.—The largest judgment ever entered by a United States court in favor of the government, growing out of a prosecution for attempting to bring alien laborers into the country in violation of law has been reported to the department of commerce and labor from Tucson, Ariz., where the jury rendered a verdict of \$45,000. This was \$1,000, the penalty by statute, for each of forty-five aliens whom it was attempted to import.

The defendant in the suit was a construction company of Los Angeles.

Homing Pigeon Lights on Steamer. New York, June 16.—A homing pigeon flew on board the steamer Kansas City, from Swansea, Wales, yesterday, when the vessel was sixty miles east of Fire Island. Captain Franklin reported when the Kansas City reached port today that the pigeon had a silver ring on its right leg marked "T. S. L., 1904, 1849."

Keliner Suspect Proves an Alibi. Ellicott City, Md., June 16.—The man who was arrested yesterday on suspicion of being Joseph Wendling, the alleged murderer of Almer Keliner, at Louisville, Ky., today proved to the authorities that he is not Wendling.

Bounty for Babies. A bounty for marriages and children has been voted by the municipal council of Nantes, France. Hereafter, any city employee of Nantes in good standing will receive \$20 down on marrying and \$10 a month for each child until the latter is 14 years old. Should the father's own salary ever pass \$600 yearly no further subsidy will be paid, as that sum is considered in France enough to support a family of eight.—New York Tribune.

Wanted a Little Hair Left. Upon entering the barber shop: "See!" exclaimed three-year-old Alexis, pointing to a customer, "he hasn't a hair left! The barber cut it all off!" When the bald-headed man smiled at this: "But he's a jolly old fellow, isn't he?" concluded the boy. While the knight of the shears was arranging him in the chair: "Don't," cautioned he, "don't cut me bald-headed, whatever you do!"—Exchange.

Why "Quakers." Members of the Society of Friends are frequently designated by outsiders as "Quakers," but few people probably have any idea that Quakers is a nickname given in scorn. George Fox, the founder of the sect, gives the origin of the name in his journal. "Justice Bennett of Derby was the first to call us 'Quakers,' because I bade him quake and tremble at the Word of the Lord." This occurred in 1650.

Hard Tasks in Life. It is always easier not to feel, than always to feel rightly; and easier not to act than always to act well. For he that is determined to admire only that which is beautiful, imposes a much harder task upon himself than he who, determined not to see that which is contrary, shuts his eyes.—Colton.

For the Year Ahead. Do not lose your red blood! Whatever you are, wherever or however you are situated, keep your heart warm and your humanity at par. Push forward! Be of good cheer. Believe in our people, in our methods, in our country, in your neighbor and in yourself.—Appleton's Magazine.

Jamaica Ginger Output. The ginger grown in Jamaica commands more than double the price of any other. Under favorable conditions an acre will produce as much as 4,000 pounds. During the last fiscal year about 1,400,000 pounds was exported from that island.

A Hero. John Toomey of Rhode Island, who left a hot bath, ran to the shore of a pond, plunged in and saved two children from drowning, and then "licked" two young men who had declined to lend assistance, should be covered with medals from head to heels.

Dealing with Trouble. There is no life that is empty of care. There is no existence that is absolutely free from heart pangs. You must take your troubles as they come, shake 'em up if you can, and throw them out of your mind quickly.

The Drawback. "Some acquire fame," quoted the Philosopher of Polly, "some achieve it, and some have it thrust upon them." But those that have it thrust upon them seldom know what to do with it.

Furnishings. The average woman doesn't think the house is furnished unless she has a card receiver in the parlor and hand-painted salt and pepper shakers in the dining room.

Where They Saw it. An exchange which is very punctilious about giving full credit for clippings, credits "The Brook" to "A. Tenneyson in the New York Tribune."—Kansas City Journal.

Lavender and rose perfume are said to be fatal to microbes.

PAWTUCKET MURDERER IDENTIFIED AS FRED LECLAIR.

Twice Before He Had Wounded Persons in Rhode Island City.

Providence, R. I., June 16.—The body of the man who last night committed suicide after murdering Joseph Novogrosky was positively identified today as that of Fred Leclair of Pawtucket. It was further established that it was Leclair who recently shot and wounded a man in Pawtucket and, on another occasion in that city, wounded a woman and shot at another woman. The identification was made by relatives and by those whom he had attacked.

Leclair was 27 years of age and a native of St. Johnsville, N. Y. He had lived at different times at McKeever, N. Y., and Fall River, Mass. Leclair's sister said today that he had been acting strangely for some time.

It is supposed that Leclair shot Novogrosky when the latter surprised him robbing Novogrosky's store.

Mayors to Meet in Meriden June 30. Meriden, June 16.—Mayor Thomas L. Reilly, president of the Mayors' association of Connecticut, today sent out formal notices of the annual meeting of that organization in this city on June 30. Fire department officials from the various cities will also be invited, as on that day there will be a public exhibition of the city's new motor fire engine.

Chicago Foundry Burned—Loss \$300,000. Chicago, June 16.—The foundry of the Hansel-Elcock company was destroyed by fire today. The damage is \$300,000.

Nominated for Congress in Maine. Bangor, Me., June 16.—George M. Hanson of Canada received the democratic nomination for congress in the Fourth Maine district at the district convention here today.

The blue geese, which have been considered as mythical birds by many, have been found in large flocks in remote regions of the south.
